## Legion Continues "Gifts for Yanks" Plans at Meeting

### Cooperation of Community Is Asked in Supplying Gifts for Patients

Plans for the Christmas gift program for "Yanks Who Gave" were furthered at a meeting held by Antioch Post No. 749 of the American Legion Thursday evening in the Legion hall. Commander F. A. Swenson appointed Roman Vos and John L. Horan as the committee.

Organizations, groups and individuals in the community are being contacted this week for co-operation in the program, which has as its aim the supplying of a Christmas gift package to every wounded or ill service man or service woman in army and navy hospital in this country.

The local project is part of a nationwide drive which has already been featured in the press and in radio programs, notably Eddie Cantor's.

It is pointed out by the Legion that while every effort is being made to insure gifts for the forces overseas, up to date no special thought has been given to those who have already done their bit and have been sent back to hospitals in this country.

Packages may be contributed by individual donors and may be left at the Webb Racket store or the Otto S. Klass store, where they will be turned over to the Legion for distribution to the hospitals to which they are allocated.

#### Boy Scouts to Meet

Sixteen boys have signed up for the Boy Scout troop being sponsored by the Antioch Legion. It was reported Thursday evening. A charter has been granted to the organization, which will hold its first meeting Monday evening, Nov. 13, in the Legion hall, under the leadership of Frank Kennedy, Jr., and C. Z. Eatherton.

Charles L. Anderson and Frank Betley, both of whom recently received honorable discharges from the armed service, were accepted into membership in the Antioch Legion post.

#### "Open House" Nov. 11

The Antioch post's traditional "Open House" will be held on Armistice Day, Nov. 11, shortly after the parade and the interval of silent prayer at 11 a. m.

The newly re-decorated Legion hall will be opened at this time to Legionnaires, auxiliary members, and their families and friends.

The "Open House" observance will continue through the afternoon and evening.

## Reviews of Recent Broadway Plays Given for Women's Group

Brief reviews of several plays recently produced in New York were presented by Mrs. Gladys Hauser, Oak Park, for the Antioch Woman's club at a meeting Monday afternoon in the home of Mrs. W. R. Williams.

Mrs. Hauser spoke in the place of Miss Glenn Bruce, also of Oak Park, a Chicago newspaper woman who was formerly in the Woman's Army corps and who was unable to be here Monday because of illness.

"Winged Victory," "Othello," in which Paul Robeson played the title role, "The Voice of the Turtle," "The Two Mrs. Carris," in which Elisabeth Bergner was starred, "The Searching Mind" and "Over 21" were among the plays she reviewed.

Mrs. Hauser is a graduate of the University of Illinois, where she later served as assistant dean of women. She is a past president of the 19th Century club at Oak Park and progress chairman of the Oak Park Community Lecture forum.

She visits New York on business 4 times yearly and attends 10 or 12 plays each time she is there. In addition to Mrs. Williams, the hostess committee for the social hour included Mrs. S. A. Jedele, chairman, and Mrs. Arthur Laurson.

#### "CELLAR TO ATTIC" SALE IS PLANNED BY WESLEY CIRCLE

Mrs. W. R. Williams is chairman of the committee for a "Cellar to Attic" sale and tea to be sponsored by Wesley circle Wednesday afternoon, Nov. 15, in the Antioch Methodist church. Contributions for the sale may be brought to the church early Wednesday afternoon.

At 6:30 o'clock, the circle will sponsor a pot luck supper.

A meeting of the Antioch Lions club will be held Monday evening at 7 o'clock in the Nineteenth Hole.

## Armistice Program to Be Presented at School

In keeping with a tradition of many years' standing, Antioch Legion post, assisted by its auxiliary, will hold its Armistice program for the Antioch Township High school student body and faculty Friday afternoon at 2:30 o'clock.

Sgt. Joseph Luncyn, Fort Sheridan, will give a talk on his experiences on foreign duty and will bring with him a collection of souvenirs.

The program will be opened by Commander F. A. Swenson with the advancement of the Legion and auxiliary colors.

The Pledge of Allegiance to the Flag and the singing of "The Star Spangled Banner" will be followed by the invocation, by the Rev. L. H. Messersmith, Millburn; a selection by the high school band, under the direction of Han Von Holwede; remarks by Otto S. Klass, Americanization officer; an Armistice Day talk; another selection by the band, and the closing prayer, by the Rev. W. C. Henslee.

The retiring of the colors and the sounding of "Taps" will conclude the program.

## News of the Boys in Service

#### SGT. THOMAS CURNES

##### EXPECTED ON LEAVE

Sgt. Thomas W. Curnes of the signal corps is returning home on leave after 27 months overseas in the Asiatic Pacific theater of operations, according to word received from headquarters of the Sixth Service command, Army Service forces, Chicago.

He expected to arrive at Drew field, Fla., around Nov. 8, prior to reaching his home at 240 Depot st., where he will visit his father and sister. A brother, John, was transferred about a week ago from McDill field, Fla., to Sheppard field, Wichita Falls, Texas.

#### News Flash

Sgt. Curnes arrived in Chicago, Tuesday morning and had dinner in Maywood with his brother, who visited here from Friday to Tuesday en route on a second transfer from Texas to Lory field, Denver, Colo., where he will be an armament instructor. This was the boys' first reunion in 29 months.

Of interest to Antioch and Lake Villa residents is a letter written by Horace Mann, CM 3/c, of Zion and Waukegan, to the Waukegan News-Sun and published in its issue of Nov. 1.

In it, Mann tells of having Donald Minto of Antioch and "Doc" Warren Sheehan of Lake Villa for buddies at his Seabees station in the southwest Pacific.

He says, in part: "We are deep in the tropics, and I do mean DEEP. We have movies, use our helmets for seats, though sometimes due to 'Washing Machine Charlie,' it may take 2 or 3 nights to show a picture."

"Our Fourth of July celebration is nightly, only we have our fireworks from 3 to 5 in the morning. We cannot see them anyhow with sandbags overhead. The good old American sense of humor will see us through, that's for sure."

"After a raid there's a lot of laughs about skinned knees, collisions and so forth."

"You see, when 25 fellows in one tent all make for their respective homes underground in the pitch black of night, traffic rules are disregarded."

"At present I'm working out in the jungle, and this noon with one slash of a machete we severed the head of a five-foot snake. We also get a few wild hogs."

Cpl. Morris P. Verkest has been transferred from Camp Howze, Tex., to Camp Swift, Tex.

Pvt. Joseph Koukol unwittingly made a contribution to science when he brought a Texas horned toad home with him as a pet, when he arrived on leave from Camp Wolters, Tex. After being admired by a number of townspeople, the toad, which, it seems, is really a species of harmless lizard whose docile nature belies its "homely" appearance, was presented to the botany class of Antioch Township High school. Pvt. Koukol will report at Fort Ord, Calif., Nov. 8.

S/Sgt. Otto Palaske, who arrived home on leave early in October after nearly a year of service in the European theater of action, left last Friday for Atlantic City, N. J., where he will spend a period at a rest camp.

Members of the family of T/4 W. A. Johnson, now serving in the South.

## Mrs. C. F. Barthel of "5 Generations Family" Dies Here

### Was Great-Great-Grandmother; Was Married 65 Years Last Xmas

Mrs. Charles F. Barthel, 86, a great-great-grandmother, was buried in Illiside cemetery Saturday afternoon following simple but dignified services held at 2 o'clock in the Strang Funeral home with the Rev. Warren C. Henslee, pastor of the Antioch Methodist church, officiating.

Mrs. Barthel and her husband, who survives, had celebrated their sixty-fifth wedding anniversary on Christmas Day last year.

She was born at Tannersville, Monroe county, Pa., Oct. 24, 1858, and was christened Catherine Marie by her parents, Linford and Eliza Werkheiser.

#### Built Ice House Here

After their marriage at Tannersville Dec. 25, 1873, the Barthels lived in Scranton, Pa., for eight years. They then moved to Chicago for a year while Mr. Barthel was employed as foreman of a construction gang building an ice house at Cross Lake. They then made their home in Antioch until the time of World War I, when Mr. Barthel became an aeronautical engineer at the Curtiss aircraft works in Buffalo, N. Y.

After the close of the war they made their home in Kenosha for 12 years with their son-in-law and daughter, Mr. and Mrs. Edwin Anderson, with whom they also have resided here.

Survivors include their sons William A. Barthel and Frederick A. Barthel, Salem, as well as Mrs. Anderson; 21 grandchildren, 25 great-grandchildren and 4 great-great-grandchildren. Four of their grandsons are in the service, 2 in the navy and 2 in the army.

## George Hyde of Wilmot Dies in Wisconsin Hosp.

### World War I Veteran Was Born on Family Homestead in Randall

Mr. and Mrs. Ray Bufton were notified Monday of the death early that morning of George Hyde, who made his home with them.

The deceased, who was 58 years of age, passed away in the Wisconsin General hospital, Madison, where he had been a patient for several months.

He was a son of the late Mr. and Mrs. Joseph Hyde and was born on the Hyde farm in Randall township, June 15, 1888.

When he was 5 years of age, the family moved to Woodstock, Ill., where he received his elementary and high school education. He was a graduate of Beloit college.

He served in the armed forces during World War I, and after receiving his discharge he returned to manage the Hyde properties in Randall. A little over a year ago, they were sold to the Crown corporation and he moved to the Bufton home in Wilmot, where he remained until ill health made it necessary for him to enter the hospital in Madison.

Hyde was a member of Fred Semrau Post No. 381 of the American Legion at Wilmot, and served as adjutant.

He is survived by his brothers, Clarence, of Denver, and Lawrence, of Los Angeles.

The body was taken to the Ehorn Funeral home in Richmond, Ill., Wednesday, where funeral services are being held this afternoon, with burial in the family plot in Richmond cemetery.

## "CHARLEY'S AUNT" JUNIORS' CHOICE FOR CLASS PLAY

On the evenings of Nov. 9 and 10, at 8:15 p. m., the Junior class of Antioch Township High school will present the three-act comedy, "Charley's Aunt." This is a popular play of stage and screen and is being presented by arrangement with Samuel French.

Miss Mildred Krusa, who formerly taught at Antioch Township High school and is now teaching in Joliet, attended the Homecoming events here and spent the weekend as the guest of Miss Leitha Paulsen.

## Auto Fires Bring Antioch Dept. Out

### Burning of Chicken House Causes Estimated Loss of \$1,000

Two automobile fires were among the causes for alarms turned in to the Antioch fire department during the past week.

One call was to the Louis Pregoner place on Grass Lake road, Wednesday at 8:20 a. m.

The other, Saturday at 11 p. m., was at first thought to be a slough fire. However, on reaching the vicinity, some distance back from Highway 59, just south of Highway 173, the firemen were surprised to find a burning automobile in the midst of the blazing grass.

The machine bore plates issued to Joseph Cekal, of the Rod and Gun club, Bluff lake. Cekal, who approached as the firemen were fighting the blaze with hand extinguishers and brooms, stated that he was unable to tell how the fire had gotten started, but that he had endeavored to fight it and had been hampered by lack of equipment.

The seat, upholstery, top and three tires had been burned away when the firemen arrived at the scene, and the machine was estimated to be almost a total loss.

A far from welcome birthday present was the fire that destroyed a large chicken house and its contents, including chickens, ducks and feed, with a total loss of \$1,000, at Dr. Lloyd J. Blakeman's home on Bluff lake Saturday at 2:55 p. m. The date, Nov. 4, was Mrs. Blakeman's birthday anniversary.

The cause of the fire was unknown. A grass fire reported Wednesday afternoon at 4:30 o'clock in the slough on the Wedge property back of Hans and Mabel's place at Loon Lake was extinguished by the Antioch department. There were no damages. Fire Chief L. R. Van Patten stated.

## Service Hospitals Issue Call for More Nurses

Returning sick and wounded soldiers must be cared for on the home front, and additional nurses are urgently needed in the general and station hospitals of the Sixth Service command in the states of Illinois and Wisconsin to care for the sick and wounded soldiers, the War Manpower commission announces.

Civilian nurses will replace the commissioned nurses being sent overseas. The salary is \$2,190 per year for a 48-hour week. There is opportunity for overtime and advancement, the commission states.

Application blanks may be secured at the nearest first class or second class post office and mailed to the 7th U. S. Civil Service Regional office, Post Office building, Chicago 7, Ill.

## Word of Miss Coyne's Death Is Received Here

Friends of Miss Margaret Coyne in Bristol township were shocked to learn this week of her death Oct. 21 in Chicago, where for the past 20 years she had made her home with her sister, Mrs. Glennon, and brother, John Coyne.

She was born Feb. 14, 1862, on the Coyne farm in Bristol township. Preceding her in death were her brothers, James Coyne of Bristol and Thomas Coyne of Chicago.

Funeral services were held Oct. 24 at 10 a. m. from Resurrection church. Mass was celebrated by the Rev. John Ryan, assisted by the Rev. Kane and Rev. Kelly. Monsignor M. Sullivan and the Rev. William Chalk were in the sanctuary. Burial was in Mt. Carmel cemetery.

Misses Alice Fox, Dorothy Aronson and Theodora Hennings spent Friday in Chicago and attended the official visit of the Grand Worthy Adviser, Florence Pink, at Florence Nightingale assembly. The next regular meeting of Antioch assembly will be held Nov. 13. The girls plan to hold a penny social at this meeting.

## Village to Have Right-of-way at Bishop Crossing

### Proximity to Curve, Among Objections to Crossing on Ida Avenue

The Soo Line railroad will grant a right-of-way to the village of Antioch from Bishop street through Lot No. 10 of Thorne's subdivision to the property recently purchased by the village from the Thorne estate, it was announced at a council meeting last evening.

In the absence of President George B. Bartlett, Walter I. Scott, senior councilman, was called upon to act as president pro tem.

Discussion on the railroad right-of-way revealed that the railroad did not favor a crossing at the end of Ida ave. because of its nearness to a sharp curve in the roadbed; the expense of filling a deep ditch, and the necessity of raising all wires and moving a large power pole.

It was thought that the Bishop st. crossing would be more satisfactory and safer, with better vision in both directions. Lot No. 10 was reserved by the Thorne estate for the village in conjunction with the sale of the property on the east side of the tracks, in order to afford an inlet and outlet.

A street light will be installed at the east village limits on North avenue, it was voted.

Joseph E. Horton attended the meeting on behalf of the Sinclair Oil company, which was granted permission to connect to the water mains and sanitary sewer at its bulk plant on Railroad avenue.

Fire hydrants in the village, 64 in number, have been painted by Clarence Shultis, a member of the fire department, it was announced.

A late-blooming hollyhock from the garden of John Cobb, Lake street, has been displayed in the Antioch News window this week.

An interesting article on Lake county canning center appears in the Oct. 28 issue of Prairie Farmer. It is written by Gladys Blair, who visited Antioch a few years ago in connection with a Prairie Farmer WLS talent show.

A cluster of raspberries picked by Mrs. William D. Thompson, Hickory correspondent was recently on display in the window of the News office.

The week beginning Sunday, Nov. 5, has been proclaimed American Education Week by Governor Dwight H. Green, who pointed out that this special period is sponsored by the American Legion, National Educational association, National Congress of Parents and Teachers, and many state organizations. The Illinois Educational association has invited every taxpayer to visit the classrooms of the schools in his community that week.

"Oats research pays," says the Farm Journal, which cites the following as evidence—

In 1930, scientists at the U. S. Department of Agriculture experimental station in Arlington made a cross of Victoria and Richland oats. Five years later they sent some seed to the University of Wisconsin, and five years after that the Wisconsin folks figured they had something worth giving a name to. They called their new variety Vicland.

In 1943 Wisconsin's farmers were sowing Vicland on half their oat acreage, and this year Vicland is a recommended variety as far east as New York, and as far west as the Dakotas.

Vicland's addition to Wisconsin's oat production in 1943 is estimated at 25 million bushels. At 80 cents a bushel, that's a \$20 million gain.

The cost of all agricultural research for 12 years in Virginia, Wisconsin and Iowa has totalled less than \$250,000.

A course in Red Cross standard first aid methods is being given for the Girl Scouts by the Antioch Rescue squad, and the Scouts have announced that they are anxious to borrow or buy textbooks for the course from persons who have completed it. Persons having books available may notify Mrs. C. Z. Eatherton, 361 Harden street, telephone Antioch 485-J.

## Election Is Over; Our Work Continues

Post mortem on the election were being held up and down the business streets of Antioch Wednesday, as in thousands of other villages and cities all over the country, and no doubt in fox holes in the southwest Pacific Islands, in the sick bays of battleships, in air planes and in submarines, in dignified council chambers and in Nissen huts - all over the world, wherever two or three Americans are together.

Some are bitter - those who were unequivocally opposed to a fourth term for Roosevelt, or any other president, under any circumstances; some are jubilant - and these are the equally enthusiastic folks who will agree that any president is alright - just so it's Roosevelt; most, however, are philosophical about it.

They feel that the country would have come through in pretty fair shape and the war would still have gone ahead being won, had Dewey been elected. At the same time, they aren't going to figure on this nation's folding up at any time in the near future.

Completed returns coming in from the polls show that Governor Dewey made a gallant campaign, and that in many localities throughout the nation he took the lead over Roosevelt. Republicans - of whom there are many in Lake county and particularly in this vicinity - were heartened by continuing evidence of a steady growth of Republican influence.

All in all, there is pretty much of a disposition, even on the part of the most embittered, to make the best of things. It was apparently the will of the majority to return Roosevelt to office at this time. It is now up to all, including those whose convictions were in favor of Dewey (and they were far from negligible in number) to put their shoulders to the wheel and work together in harmony for the best interests of the nation - which, after all, is the paramount consideration.

Another election has come and gone, and on the fighting fronts our men still keep on fighting. And on the home front - well, we just keep on working.

Time and history alone will tell the wisdom of the choice that has been made - but we of today, who are

helping each in our own small way to write that history, have our work to do.

## All Must Help

American industry, represented by the National Association of Manufacturers, has pledged itself "to do everything within its power to produce and distribute better goods in greater volume at lower prices to more people, to make opportunity and jobs available to everyone."

Cooperation within industry, to maintain a high level of peacetime production, will mean millions of jobs for returning G. I.'s and continuing employment for workers on the home front.

But it must be remembered that, even in war year 1944, manufacturing employs only 29.1 per cent of the workers in this country. Of the remainder, about 20 per cent are currently in agriculture. Construction, transportation, utilities, trade, distribution, finance and the so-called "service" industries (exclusive of the armed forces) account for nearly 50 per cent of all jobs.

Employment gains in all of these fields must keep pace with industrial expansion after the war.

And there is real opportunity for growth. It is not only more and better washing machines, refrigerators and cars that we want. We want increasingly abundant and nutritious food from our farms, shops where service is prompt, better laundries, better and cheaper transportation, finer recreational facilities, able professional service.

These things must contribute their share to the higher standard of living and the full employment we look for when the war is won.

## Quotes of the Week

"In this day of double-talk, when all those talking about free enterprise are not for it, the nation's newspaper editors must be the guardian of our ideals." - Robert M. Gaylord, Rockford, Ill., pres. Nat'l Ass'n of Manufacturers.

"You can't imagine how anxious they are to smell perfume." - Actress Doris Dean, after entertaining G. I.'s in China-Burma-India.

"Private enterprise can and will provide adequate employment if afforded opportunity to make enough profits to cause enough investment." - Samuel O. Dunn, publisher, American Builder.

"Will write later. Kind of busy now." - Letter received by Mrs. Wilfred Fair, Meeker, Okla., from soldier husband fighting in France.

## THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"  
"In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"  
"It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"  
"Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control.'"  
"Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

## WARTIME IDEAS FOR DAIRYMEN

Keep Milk Production Up in Winter Weather with a

## STOCK TANK WATER HEATER

No frozen or icy water for the thirsty cattle on the Red Top Farm near Libertyville. This immersion-type stock tank water heater keeps their drinking water at the proper temperature.

Another type of water heater is this combination hog and cattle waterer used in connection with the pressure water system on the Levloder farm near Bradford.

Together with other modern electric equipment, stock tank water heaters are helping Northern Illinois farmers in their big war job—feeding America.

It's a well-known fact that milk production falls off during cold snaps. One important reason: Cows are reluctant to drink cold or chilled water. Since milk is about 87% water, it is easy to see why cows give less when they drink less.

By using a Stock Tank Water Heater, water can be kept at a drinkable temperature all winter long. There are several types of tank heaters (some farmers have even made their own) that prevent water from freezing, take the icy chill out of it, and thus encourage animals to drink more often and more fully of the water that makes milk, fattens livestock.

Take a tip from the Red Top Farm, keep a constant supply of fresh, pure water available to your herd at all times... and keep it at a drinkable temperature during the cold months with a Stock Tank Water Heater. It's one of the best ways to keep livestock production rising when the temperature is falling.

Labor Does Great Job in War Goods

130 Billions' Worth Made in Last Four Years.

WASHINGTON.—The American Federation of Labor in a compilation based on War Production board figures said that American workmen produced more than \$130,000,000,000 worth of planes, tanks, guns, ships and ammunition in the four years from July, 1940, to July, 1944.

The AFL said this was done while the armed forces were expanded by 9,500,000 men by bringing into employment 15,500,000 persons who were not employed in 1940. Women workers increased by more than 4,000,000 and more than 10,000,000 men and women were trained in public vocational education courses.

The average output per war worker rose 35 per cent between December, 1942, and April, 1944, the AFL said, contributing to the reduction of man-hours required to build war equipment as follows:

Flying Fortresses at Boeing's Seattle plant, from 35,400 to 18,700.

Liberator bombers at Consolidated-Vultee, San Diego, from 24,800 to 15,400.

Liberty ships at Oregon Shipyard, Portland, from 1,148,511 to 294,133.

Navy destroyers at the Bath (Me.) Iron Works, from 1,675,000 to 925,000.

Motor torpedo boats at Higgins Industries, New Orleans, from 65,000 to 25,000.

Torture of Baby, 3, Is Charged to Older Boys

MINNEAPOLIS.—After a frantic search by his mother and neighbors, Frank Bochniak, three, missing from his home for several hours, was found tied and tortured in a patch of weeds near his home.

Taken to a hospital, he was treated for burns on his left thigh and both feet, and for lacerations on his back, suffered as he struggled to get free. He had been tied with a clothesline wrapped around his body, pinning his hands.

Older boys were believed to be responsible. "The kids did it," he told his mother. "They made me walk through a fire."

Auto Stalls on Street;

Then Things Eventuate

KANSAS CITY, MO.—Sam Chivola started to work and his automobile was stalled on a busy street. He got out and started to push it, holding the door open so he could guide. Suddenly he saw an oncoming bus and jumped out of the way, slamming the door shut. It locked. He ran around the car and grasped at the handle, missed it and fell, acquiring bruises. The car kept going, ran into a light pole, snapped a \$100 cast iron base, and damaged the car \$70. On top of that, Chivola was late for work.

Arrives From Yukon in Time to Meet Draft Call

SCOTT'S BLUFF, NEB.—After seven months at White Horse, Yukon territory, Frank Fillingham stepped off the train and walked into the depot just as someone called his name. It was his draft board clerk, who was checking men as they entrained for Denver to take their pre-induction examinations. Fillingham, 27, was given time to rush home, say hello to his wife and two children and return in time to catch the train to Denver—where he was accepted for the army.

Takes Neighbor's Advice, Find Dog in Ice Box

VANCEBURG, KY.—Taking a neighbor at his word, six-year-old Rupert Bowling provided relief from the heat for his pet dog, Bottsey. Mrs. E. H. Bowling arrived home and found on the kitchen floor food-stuffs that should have been in the ice box. Opening the refrigerator, she found Bottsey inside, nearly stiff with cold. Mrs. Bowling said she learned that the neighbor had remarked to Rupert, "Your dog is getting pretty hot, Rupert, you'd better cool him off a little."

Turn Off That Heat! Is Tenants' Rare Protest

NEW YORK.—A summons containing the rare charge that an apartment superintendent furnished heat in the summer in violation of sanitary regulations—and during a hot spell at that—was issued in magistrate's court recently on complaint of a tenant. Oscar Valdes, the superintendent, explained that certain valves were broken and irreplaceable because of wartime conditions, with the result that furnace fires intended to heat the apartment's water also heated the radiators in 15 suites.

'Scottie' Issues Tag For 'Spitz,' a Spitz

KANKAKEE, ILL.—"Scottie" Clapper, city dog commissioner, admits to having seen double several times in his life, but when he looked at the dog license application book in the City hall recently he thought he was seeing triple. Lawrence Spitz had obtained a license for his white Spitz dog named "Spitz."

Reveals Story Of Paris Revolt

Unknown Hero Takes Hotel De Ville, Loses It and Takes It Again.

PARIS.—An unknown patriotic Frenchman started a second revolution, this time against the hated Nazis in Paris, and Commandant Roger Stephane helped carry it through to victory.

He told the story in a side room of the Hotel de Ville, the heart of Paris resistance.

Stephane is a fictitious name to protect his compatriots still in Nazi-held areas. In peace time he was a journalist and political aspirant who became a De Gaulleist in war and led the resurrection of this city.

This was his story:

"The fight for freedom had been planned and I was on my way to attend a political meeting to determine when we would start fighting in Paris. I was walking by myself when compatriots in a bus told me an unknown Frenchman had raised the de Gaulle flag over German headquarters in the Hotel de Ville that morning, August 19. I can tell you we had nearly 12,000 Nazis to contend with."

Veterans in Fight.

A German tank attacked the bus, so Stephane took it upon himself to order members of the French Republic, veterans of World War I, to fight. He told them to scatter the crowd so that they would not be shot in front of the Hotel de Ville, sent of the German government in Paris and which the resistance groups had surrounded with machine-guns and armor.

Stephane fought all day and night in front of the Notre Dame cathedral. He was wounded in one arm when the Germans attacked with a score of tanks and infantry, but they were held off until 7 a. m.

They went after the Hotel de Ville with only 250 men and light arms, and took it in five minutes. They arrested Pierre Tailleur, mayor of Paris and a Nazi sympathizer.

On August 21 the Patriots were attacked by strong tank forces and had to give way because they had no heavy weapons. However, in retreat they captured two trucks loaded with machine guns and lighter weapons, and killed a number of Germans.

These weapons enabled them to recapture the hotel on August 22. On that day there were only small skirmishes, but on August 23 the Germans attacked the hotel strongly again.

Trick Doesn't Work.

Stephane engineered the capture of a tank as sharpshooters killed its occupants when they showed themselves. Meanwhile, the French Forces of the Interior barricaded Paris at all main crossings, with bricks and trees.

The Germans tried to confuse the French Forces of the Interior by giving directions in Stephane's name. He countermanded all the orders. The Germans made their last attack at the Rue de Republique. The French broke this attack with the help of 100 men. The next day French forces with the United States Third army thundered into Paris to make freedom complete.

"My greatest reward is that not a single Parisian was killed," said Stephane. "But there were many civilian casualties," he added sadly. "Our job now is to reorganize and set up a government of free France. That we can do."

Spat Over Sugar for Coffee Ends in Shooting

SOUTH BEND, IND.—An altercation over how much sugar to use in a cup of coffee resulted in police charges of aggravated assault and intent to kill against Mrs. Marcia Mortensen. She was held in connection with the shooting of her husband, Henry A. Mortensen, 43, who suffered shotgun wounds in the shoulder and chest. Mrs. Mortensen told police her husband knocked her to the floor. She said she picked up the gun to "frighten him." She said her husband approached her and the gun "just went off."

10,000 Yank Soldiers Marry Australian Girls

SYDNEY, AUSTRALIA.—Nearly 10,000 Australian girls have married American servicemen since the latter started coming here in large numbers in early 1942, and already 1,000 of these war brides and some 200 babies have gone to the United States.

Another 134 brides are awaiting transportation and 3,000 others have applied for permits to enter the United States.

The largest single contingent—206 wives and 72 babies—recently embarked on a prewar American luxury liner.

One Rocket Gun Shot Downs 3 Japanese Zeros

BOSTON.—An aircraft rocket gun of the army service forces is credited with downing three Jap Zeros with one shot.

Col. H. B. Sheets, commanding officer of the Boston ordnance district, said a pilot in the China-Burma-India theater made a direct hit on one of the Zeros with a rocket. Two others attempted to avoid the debris and crashed together. A fourth Zero fled.

## Re-processing Work at Fort Sheridan Is Described by Wac Lt.

Fort Sheridan's role as a reception center for army men coming back from overseas for furloughs, rests, medical care, reclassification or discharges from the service was interestingly described by Lt. Edith Rittenberg of the Woman's Army Corps at a meeting of the Antioch Business and Professional Women's club and guests Monday evening in the Grade school.

The two largest classifications of men returning from overseas at the present time are those who will be assigned to a period of duty in the United States before going overseas, and those who have requested a return to overseas duty with the same unit, Lt. Rittenberg said.

In many cases this choice is optional, she explained, as the men concerned could qualify for either group. In a large number of instances, danger and hardships do not seem to deter men from asking to be returned to their former unit, the lieutenant observed, and she cited as an example one famous unit that unanimously asked for return to duty in the same theater of action as a complete unit.

The principal aim in administering the re-processing routine at Fort Sheridan is to make it as brief, simple and easy for the soldiers as possible, she explained.

She expressed particular admiration for the wonderful spirit shown by the returning servicemen, adding that one of the men's greatest worries overseas was for the welfare of their families.

**JOHN L. HORAN ARE HONORED ON THEIR SILVER ANNIVERSARY**

Forty of their friends held a surprise party in honor of Mr. and Mrs. John L. Horan on their twenty-fifth wedding anniversary, Saturday evening in the home of Mr. and Mrs. C. L. Heath.

Cards were enjoyed, with honors going to Mr. and Mrs. J. V. Keeney, L. S. Tweed, Mrs. Anton Johnson, Mrs. Vincent Nedbal, Mrs. Horan, Mrs. Ida Osmond and Mrs. Maud Hurling.

Taking part in a mock wedding were Mrs. Frank Harlen as the minister; Mrs. Thomas Burnette, the bride's father; Mrs. Walter Hills, best man; Otto S. Klass, in a floor length white gown and carrying a bouquet of roses, as the bridesmaid; C. L. Heath, in baby blue, as ring girl, and Mr. and Mrs. Horan, the latter of whom carried a bouquet of carrots, as bride and bridegroom.

Refreshments were served afterward.

Announcements have been received of the birth of a son Oct. 30 to S/Sgt. and Mrs. Orville Hawkins at Camp Maxey, Texas, where Sgt. Hawkins is stationed. This is their first child.

Mrs. Hawkins is the former Miss Marguerite Kufalk.

Mrs. Charles P. Morris is making her home with her parents, Mr. and Mrs. Charles Dorweiler of Channel Lake Bluffs, while her husband is in service overseas. He is at present stationed in France.

Landlords who attempt to dodge the rent freeze by insisting the tenants buy furnishings or improve the property are subject to heavy penalties, Norman Nicholson, branch manager of the Lake County Rent area, of the Office of Price Administration, warned.

Tenants who receive eviction notices may get in touch with James D. Madden of the Branch Rent office in the postoffice building, Waukegan.

Madden was recently appointed compliance inspector for the Lake county area, replacing Harold J. Loftus.

Separate Quickly

Such frozen vegetables as peas, lima or soybeans separate into units fairly soon after being added to boiling water. Others, such as broccoli and asparagus, if partially thawed, can be broken apart enough to avoid having the outside overdone while the center is cold. Corn on the cob is the exception, as it should be thawed before cooking is started.

## NOV. HOME BUREAU MEETINGS ANNOUNCED

"Developing Personality Through Personal Hygiene, Posture and Grooming" is the major topic to be studied by Home Bureau units during November. The minor study topic is to be a safety playlet, "Stop Home Fires," to be given by unit safety chairmen.

Dates of unit meetings in this area will be as follows:

## Ducks Unlimited

By Alan Thain  
(Editor's Note: This is one of a series of articles on conservation written by Thain, who was Lake county's representative at the Illinois Conservation school.)

The duck stamps that you buy before you go duck hunting cannot alone assure good hunting, because this money can't be spent in Canada, where the bulk of the waterfowl breed.

There is an organization, however, that does take care of this. In 1934-5, the U. S. Biological survey estimated that there were less than 30 million wild ducks left on the continent.

The government then cut the hunting season, put some wild fowl on the protection list, restricted gun capacity, and threatened to prohibit all duck hunting. These restrictions were aimed at reducing duck losses, but did not provide for increased production.

In 1937, Ducks Unlimited started its wonderful project of bringing back the waterways and lakes in Canada. This organization has built more than 102 dams, returning many acres of waste land in Canada to marsh land, sloughs and ponds suitable for breeding and feeding grounds.

This has brought about a wonderful increase in the supply of ducks.

Here are the figures:

Date	Ducks	Season (Days)
1935-7	30-40,000,000	30
1938	50,000,000	45
1940	69,000,000	60
1942	97,000,000	70
1943	125,000,000	80
1944		80

This record alone shows what this organization is doing.

It is financed by donations made by sportsmen and sportsmen's clubs.

## Lights of New York

by L. L. STEVENSON

**Brow Furrows:** Lucy Monroe, the "Star Spangled Soprano," has probably opened more conventions with her singing of the national anthem than any other artist in America. But she was also the most surprised singer in America when, a few weeks ago, she opened a newspaper and read that she was scheduled to open the Democratic national convention in the Chicago stadium. No one, including the Democrats, had bothered to tell her about it. But recently, Miss Monroe actually did set off for the Chicago stadium, she having been appointed, for the fourth successive year, official soloist to open the convention of the Veterans of Foreign Wars. She had been duly notified, her ticket had been bought, her hotel reservations made and her place on the program fixed but when she started she wasn't quite easy in her mind. "I'm afraid," she explained, "people will think I've been left over from the Democratic convention."

**Using The Old Bean:** Shortly after Lily Pons and her husband, Andre Kostelanetz, returned from a USO tour in North Africa and Italy, Allan Jones and his wife, Irene Herve, entertained them at the Rainbow lounge. Naturally, there were numerous tales of experiences of various kinds, including the heat in Teheran, and then Miss Pons related a Winston Churchill story which was new to all present. During an animated conversation with England's prime minister on the Italian front, a British general noted that Churchill's glasses were perilously near the tip of his nose.

"Your glasses, Mr. Prime Minister," remarked the general, "are almost on your mouth."

"That's all right," was the quick response, "I want to see what I'm talking about."

**Interpreter's Work:** This yarn, relayed by Victor Borge, piano-satirist who will make the air waves a lot merrier when he returns to radio soon, seems to fit in right here though I do feel a bit sorry for typewriters and proofreaders. A gold brick sent this note to his company commander: "Sir, could I get a furlough to convalesce from a traumatic perisynovitis of the flexor digitorum sublimis in profundis muscle at the metacarpophalangeal joint." The C. O. probably consulted a medico or a medical dictionary since right away came back this message: "Request turned down. A sore finger isn't reason enough for a furlough."

**Onward & Upward:** Pops into mind a story told by Evelyn Knight, the songstress, as she was relaxing a bit. A young ensign, in town for a brief leave, was conveyed by a devoted aunt to a luncheon at a tea shoppe which includes palmistry with the 75-cent special. The gypsy lady took the aunt first and saw in her hand the conventional dark man and the journey across water. Then she seized the reluctant hand of the ensign and proceeded to peer into his future. "My," she breathed with a glow of joy on her face, "A very good fortune indeed! Before the war is over, you will be promoted to a sergeant."

**Convention:** Seems as if I can't get away from service men today, but then, who are first in our thoughts anyway? Well, no matter the weather, the New York male if he goes into a night club, must wear a coat though his companion may be a female with a practically backless and frontless dress. The other evening, a party of eight, two sailors and their feminine companions and two civilians and their girls, tried to enter a Broadway establishment. The sailors, though jacketless, were welcomed but the costless civilians were barred. The manager, however, didn't want to lose all that business so he solved the problem by fitting out the civilians with the monkey jackets worn by the waiters. The civilians didn't care much for that but the sailors had a good time.

**Here and There:** On 42nd street, a trolley car motorman pounding his gong frantically because a beer truck blocks the tracks... and the truck driver merely grinning. Seven midgets strolling up Sixth avenue, the little men, of course, smoking big cigars. A very modestly dressed honey blonde with a black smudge on her smooth white cheek—she sure will be embarrassed when she glances into a mirror. A window full of rebuilt typewriters. Wish some genius would invent a machine that knew how to spell. Tourists debating whether or not they should go into one of those snap-yourself photograph places.

## 'Eerie Accuracy' Seen In RAF's Gun Sight

LONDON.—A gyroscopic gun sight described as "almost uncanny in its accuracy" now is in use on RAF fighter planes, the air ministry has disclosed. The sight, details of which were not disclosed, eliminates to the last degree the chances of error due to human failure, the ministry added.

## HOWARD E. SOMMERS PROMOTED TO MAJOR

Mr. and Mrs. Frederick H. Sommer of Indian Point and Chicago, have been informed of the promotion of their son, Howard E. ("Hal"), 20, to the rank of major.

Maj. Sommer, who is now headquarters commandant of his station in France, was awarded the bronze star for his services in the occupation of Paris.

He was graduated from St. John's Military academy, Delafield, Wis., in 1938; from Dartmouth, where he majored in economics, in 1940, and received a Master's degree in 1942 from Harvard university, where he was a national scholarship student and was cadet major. His studies at Harvard were also in the field of economics and accounting.

## AIR MEDAL IS AWARDED TO T/SGT. QUEDENFELD

Technical Sergeant Ray Quadenfeld, 520 Lake street, a radio operator on a B-24 Liberator bomber, has been awarded the Air medal for meritorious achievement while participating in bombardment missions over enemy territory, according to information received from an Eighth Air Force Liberator station, England.

Sgt. Quadenfeld is a member of the 93rd Bombardment group, the oldest

## Army Presses Men To 'Bull' Sessions

### Issues Tips for Off-Duty Discussion Groups.

WASHINGTON.—The army intends to formalize the "bull" sessions of its men by promoting "wider adoption of discussion groups in off-duty hours."

The war department, announcing this, issued the first of a new series of pamphlets, accompanied by a guide book for discussion leaders. The subjects range from "Do you want your wife to work after the war?" to the less personal question of "Will the French republic live again?"

"Any problem of interest to group participants may be debated, provided that it has the approval of commanding officers concerned," the department stated.

The guide book says that before any material published by a private or public agency is used for off-duty discussion the commanding officer should satisfy himself that it complies with restrictions in the federal voting law on dissemination of political argument for propaganda to members of the armed forces.

Department officials, asked if this meant that the men could not start political discussions, declared that there was no ban on that. They noted that army regulations, while prohibiting any attempt by an officer to influence any member of the armed forces to vote or not vote for a candidate, provided that "nothing in this act shall be deemed to prohibit free discussion regarding political issues or candidates for public office."

Objectives of the discussion program, the department said, were "to strengthen morale by assisting men to recognize, analyze and understand problems about which they feel concern; furnish background facts which will allow intelligent consideration of such problems; and offer men opportunity for orderly exchange and adjustment of individual opinions on these problems."

## Youth, 19, Shows His Own Helicopter, Joins Army

SAN FRANCISCO, CALIF.—Stanley Hiller Jr., 19, Berkeley (Calif.) inventor, reported for induction recently after a public demonstration of his homemade helicopter at a city street corner.

Hiller, who established a \$100,000 a year miniature racing car business at the age of 12, designed and built the new type aircraft, which he calls the "Hillercopter." A series of propeller pitch devices giving lateral and horizontal control of the craft as well as control over ascent and descent have been designated military secrets.

The plane operates without the usual tail propeller, making use of contra-rotating two blade rotors 25 feet in diameter to eliminate torque.

With a 90-horsepower engine, the ship can go forward at 100 miles an hour, cruise at 90 and can operate in all directions, Hiller said. "When Stanley goes into the army, we'll just lock the copter up in the barn," said his father, a pioneer flier.

Liberator group in the European Theatre of Operations. Besides the Air medal he wears the Distinguished Unit badge, a group citation from the War department for action at Ploesti, Romania, and the European Theater campaign ribbon.

His group is part of the 2nd Bombardment division, commanded by Major General William E. Kepner. (Ed. Note—Looks like they had an old newspaperman on the job, the way the copy on above had been edited before being sent out from Eighth Air Force headquarters.)

Pfc. William Lubkeman, son of Mr. and Mrs. August Lubkeman, North avenue, is now in France. Pvt. Lubkeman had been in the service a year on Oct. 6.

Pvt. Henry A. Behrens may now be addressed at APO 200, New York, according to a note received from Lila Behrens, Lake Villa.

## "BUD," "DOC," AND "DON" GET TO TALK THINGS OVER

From the public relations staff of the 32nd division in the Southwest Pacific area comes word of the reunion of three Antioch residents several thousand miles from home, which occurred recently on a small island in the Netherlands East Indies.

Lt. Anthony W. ("Bud") Kucera, son of A. L. Kucera of Petite lake, had a pleasant surprise when he recognized his old friends Don Minto and "Doc" Sheehan in a Seabee unit stationed on the island. The three aviators, who had not seen each other since 1941, had a long talk about pre-war days at home.

Lt. Kucera has been overseas for 30 months and is a veteran of the Papuan and New Guinea campaigns.

T/S Jack L. Selb has been removed from Camp Stewart, Ga., to Camp Gordon, Ga.

Paul Nielsen, F 1/c, has been removed from Bremerton, Wash., to sea duty, receiving his mail through the San Francisco Fleet post office.

Elmer O. Dolar, AMM 3/c, has been transferred from the U. S. Naval Air station at Glenview, Ill., to Bremerton, Wash.

Cpl. Morris P. Verkest, formerly at Camp Howze, Tex., is now at Camp Swift, Tex.

Pvt. Ervin Barnstable, paratrooper, who is stationed in New Guinea, has been awarded the Good Conduct ribbon and passed the Expert Infantryman's test. He is the son of Mr. and Mrs. Ervin Barnstable of Lake Villa.

The War department has announced the appointment of Evelyn M. Turner, Grayslake, as a physical therapist in the medical department of the army, with the rank of second lieutenant.

She completed her training for this work at Lawson General hospital, Atlanta, Ga., and will be assigned to duty with the army hospitals in this country or overseas. Hundreds of physical therapists are needed to carry on this work, even into the post-war era, it is announced by the War department. Those interested may write to Maj. Emma E. Vogel, director of physical therapists, Surgeon General's office, Washington, 25, D.C.

A new San Francisco Fleet post office address has been received for David D. Dupre, S 2/c, formerly at Mare Island, Calif.

Pvt. Theodore C. Carlson, formerly at San Diego, Calif., is now being addressed care of San Francisco Fleet post office.

Pvt. Arthur B. Thompson's new APO address is New York 887.

Cpl. Richard Davis' New York APO address is 559.

Ralph E. Gussarson has a new address of the San Francisco Fleet post office list.

Pvt. Ray Lasco has been assigned to a new unit at Camp Butner, Calif.

Elmer Otto Dolar, AMM 3/c, formerly at Bremerton, Wash., is now being addressed care of Fleet post office, San Francisco.

Pfc. John K. Cribb's San Francisco APO number is 502.

Pvt. James C. Horton is at Fort Leonard Wood, Mo.

A/S Wayne D. Drom is at Blytheville, Ark., Army Air field.

Pvt. J. H. Matheny, Camp Breckenridge, Ky., has been assigned San Francisco A. P. O. No. 17732.

Frank G. Gibbons, who for the past 3 years has served overseas, arrived home last Wednesday on his first furlough in 19 months. His wife is the former Sibyl Johnson, daughter of Mr. and Mrs. Milton Johnson, Lake Marie.

Pvt. Elmer Keisler has been transferred to a new battery at Camp Gruber, Okla.

Pvt. J. G. Schaefer has been transferred from Keisler Field, Miss., to Ft. Myers, Fla.

Pvt. Ray Lasco sends greetings and his new address at Camp Butner, N. C.

Former S/Sgt. Charles L. Anderson, who recently received an honorable discharge from the army air force on medical grounds after serving with distinction overseas and qualifying for Officers' Training school, is now associated with his father in the operation of the Burt Anderson Radio service.

Charles served as a radio operator with the Eighth Air Force, based in England, and earned the Distinguished Flying cross, the Air medal with three oak leaf clusters, and the Battle Star during his participation in 28 bombing raids.

Herman R. Edmann, EM 3/c, says "hello" via New Orleans, La., and adds—

"I am stationed at a U. S. Naval Repair base, temporarily. I haven't seen anything of the News for quite some time and would sure appreciate it."

From T/Sgt. Edgar Simonsen, Belgium—

"I want at this time to thank you for the News. I sure look forward to getting it. I didn't know that a paper could mean so much."

"I was sorry to hear about Mr. Gaston's death and want to express my sympathy. I think you folks have done a wonderful job of carrying on with the paper."

"I sure am looking forward to the day when we can all come home and settle down to a nice, quiet, peaceful life again."

"Hope this finds you all in the best of health. My best regards to every one."

Ralph J. Dowell, San Francisco, APO 704, has been promoted to corporal.

## FRANK J. VERKEST IS GRADUATE AT LAREDO

Pfc. Frank J. Verkest, son of Mr. and Mrs. Arthur L. Verkest of Antioch, was graduated last week from the Army Air Forces Central Instruction school at Laredo, Tex., Army Air field, a member of the AAF training command. He is now fully qualified to become an instructor in one of the nation's seven aerial gunnery schools. He was prepared for his instructing duties by completing a comprehensive six weeks' course in the most modern methods of instruction on aerial gunnery.

From the public relations office at Strother field, Kans.—

Second Lt. Harold A. Severson, son of Mrs. Helen A. Severson, Lake Villa, Ill., is among the young pilots now receiving combat instruction in fighter planes at this 72nd Fighter Wing base of the Second Air force. After completing training here, Lt. Severson will be assigned to a combat unit for movement overseas to do his part

in defeating the enemy. Lt. Severson is a graduate of Antioch Township High school and was a carpenter before entering service in November, 1942.

He received his wings and commission at Eagle Pass, Tex., June 27, and is now flying one of the powerful fighter planes of the Army Air forces.

## Smart Farmers are saying, "I'll take my Fertilizer now!"

"I used to wait until spring to buy my fertilizer. But times have changed! Today there is a shortage of labor for handling deliveries; potash and phosphates are in greater demand than available supplies can take care of. Every farmer will want to step up yields again next year. I know, from long experience, that the best way to do this is with ANTIOCH MLG. CO. SOIL BUILDERS. I've seen how it increased yields of corn selected year after year for National and State Corn Husking Contests. It's my first choice among fertilizers."

"No one can tell what delays or other shortages we may have this spring. I am changing my buying habits and getting ANTIOCH MILLING CO.'s fertilizer NOW."

## Antioch Milling Company Is Ready for You

We can supply you with 3-12-12 for Dec. 1944 delivery.

It's a wise farmer who takes his spring fertilizer NOW. Shortage of hands for shipping, trucking—combined with uncertainty of product restrictions, warrant storing spring fertilizer on the farm. Our Fertilizer in moisture-resisting 80-lb. Handiwater paper bags is easy to handle and easy to store. Don't wait and hope to get it in the spring. Take your fertilizer NOW and avoid delays or disappointment when you are ready for planting. We suggest your calling on us NOW.

The annual bazaar of Millburn church was the most successful ever held. Six hundred and fifty-eight guest and donor tickets were sold for the roast chicken dinner, and sales of the various booths exceeded that of previous years. The gift booth, sponsored by the recently organized Mylo club was especially successful.

Members and friends of the Ladies' Aid society who have planned and worked throughout the year, are to be congratulated on the largest sum ever realized from the sale of rugs, aprons, fancy work, comforters, pillow cases, etc. Special mention should be made of the beautiful chrysanthemums donated for the occasion by Mill Creek Gardens and also of the donation of coffee by the Co-operative Trading

company in Waukegan. Space will not allow for further mention of others, who made special donations, but the success of the whole affair is due to the wholehearted cooperation of everyone in their donations and in their work at their various places Friday evening, for which the Ladies' Aid society says, "Thank you," to all who helped in any way.

## A Prayer

Across the world the sound of shells has ceased . . .  
And quiet shrouds the battle-rubbed West . . .  
The enemy has laid away his arms, and Death and Pain  
are done in France.  
But I go on . . . for I must fight and kill . . .  
And work and sweat . . . and hide and run . . .  
For here the enemy is very much alive . . .  
His bullets still are made of lead . . .  
Their angry whispers still foretell of sudden death  
For me and others crouched in slime and mud . . .  
The end for us is yet to come . . .  
And so we pray to God to give us strength  
To fight and win . . . without the waste of Time . . .  
And with His Will . . . to see our homes again.

## Quick Return of Civilian Goods

### Defeat of Germany to Mark Lifting of Controls on Production.

WASHINGTON.—All controls over production, save those "absolutely essential to assure the reduced measure of war production necessary to beat Japan," are to be removed immediately upon Germany's defeat.

After producing what is needed for the Jap war, industry will have virtually a free hand in resuming civilian production—cars, washing machines, electric refrigerators or anything else.

A policy of allowing manufacturers to make "whatever people want" without direction from Washington, was outlined by J. A. Krug, acting chairman of the War Production board.

#### Army and Navy Agree.

Krug said the army, navy and major war agencies unanimously agreed on the program, intended to provide "maximum employment, just as quickly as possible" after Germany goes down, but at the same time protecting production necessary to fight Japan.

A reduction of about 40 per cent in war production within three months after Germany's defeat and the freeing of 4,000,000 war workers for other jobs is anticipated.

Donald M. Nelson, WPB chairman, now on a presidential mission to China, has estimated that a 40 per cent cut in war production would mean a 30 per cent increase in the output for civilians.

As specifically explained by Krug, the program will allow any manufacturer to use any plant and any materials not needed for war production to turn out anything.

#### Some 'Tight' Items.

The production agency will maintain its organization and powers "until it is certain that the war production program is adequate for victory over Japan."

WPB and other government agencies, he said, will "do everything within their power to assist and encourage industry in resuming civilian production and maintaining employment through the use of the 'know-how' of its industry divisions and industry-labor advisory committees."

Controls will be continued over such "tight" materials as lumber, textiles and certain chemicals through a system of allocations designed to assure an equitable distribution based on essentiality.

The extreme emergency AAA preference rating will be retained, and there will be only one other, reserved exclusively for the military programs during the war against Japan. All other production will be "unrated."

"Any manufacturer may accept 'unrated' orders for anything, but he must fill rated orders ahead of all other business."

#### House Shortage? Cupid

##### Quickly Finds Solution

HASTINGS, NEB.—When Ellen Lorene Ervin, 20, Vandalia, Ill., applied for war work at the U. S. Employment bureau, she was stymied by the housing shortage.

Also applying for work and living accommodations was Russell Lund, 24, Hayfield, Minn., who overheard the discussion of Ellen's problem. The bureau said that accommodations were only available for couples.

"How about married couples?" he asked.

He was assured that furnished units were available for newlyweds. Mr. and Mrs. R. J. Eugene Lund now are making major caliber shells at the depot.

#### 96% of Wounded Men

##### Recover, Army Reports

WASHINGTON.—The war department said 96 per cent of men wounded in action have recovered and that about two-thirds of them have returned to duty as a result of modern mobile surgery and reconditioning treatment. Figures compiled between June 25 and July 25, the department said, show that 23 per cent of the men released from hospitals with serious physical limitations had elected to remain in service rather than be discharged.

#### Prisoners of War in

##### U. S. Now Total 243,848

WASHINGTON.—The war department announced recently that there were 243,848 prisoners of war held within the continental limits of the United States, including 192,848 Germans, 50,272 Italians and 730 Japanese.

The prisoners are held at 125 base camps and 243 camps located in all sections of the country.

#### Talking Crow Is Morning

##### Visitor to a Policeman

CHICAGO.—Sergeant Thomas Ryan says he was more than surprised when he stepped onto his porch to fetch in the milk and was greeted by a crow's "Hello."

Ryan offered the crow a piece of bread and, he said, the bird said: "How's business?"

The crow followed Ryan around as he inspected his garden, made other remarks, less intelligible, and then flew away.

salad dressing to moisten. Serve on lettuce and watercress.

If you are looking for fruity salads, there are any number the family will like:

#### Fruit Ginger Ale Salad. (Serves 6)

1 tablespoon gelatine  
¼ cup cold water or fruit juice  
¼ cup orange or other juice  
2 tablespoons sugar  
2 tablespoons lemon juice  
¼ teaspoon salt  
1 cup ginger ale  
1 cup fruit

Soften gelatine in cold water. Place bowl over warm water and stir until gelatine is dissolved. Add sugar, salt and fruit juice. Cool and add ginger ale. Chill, and when mixture begins to thicken, add fruit cut in small pieces (canned pineapple, pears, apricots, cherries or fresh fruit such as oranges, apples, grapes or bananas). Two tablespoons of ginger may be added if a high ginger flavor is desired. Turn into individual molds that have been rinsed in cold water. Chill. Unmold on lettuce and serve with mayonnaise.

#### Best Salad. (Serves 6)

1 tablespoon gelatine  
¼ cup cold water  
1 cup cooked salad dressing  
1 cup cream or evaporated milk, whipped  
1½ cups chicken or diced veal  
¾ cup almonds, blanched and chopped  
¾ cup malaga grapes, canned pineapple or oranges  
¼ teaspoon salt

Soften gelatine in cold water. Place in dish over boiling water and stir until gelatine is dissolved. Cool and combine with salt, salad dressing, whipped cream or whipped evaporated milk. Fold in chicken, using white meat, almonds, and skinned grapes, seeded and cut into pieces. Turn into mold, rinsed with cold water, and chill until firm. When firm, unmold and garnish with lettuce, almonds and grapes.

Fruit desserts? Here are two with apricots and peaches:

#### \*Peach Crumble. (Serves 6)

8 fresh peaches, sliced  
¼ cup water  
1 teaspoon lemon juice  
¼ cup flour  
1 cup brown sugar  
2 tablespoons butter  
½ teaspoon salt

Arrange peaches in buttered baking dish; sprinkle with water and lemon juice. Blend sugar, flour, butter and salt together until mixture resembles rough cornmeal. Sprinkle over peaches. Bake in a moderate oven (350 degrees) until peaches are soft and top is brown and bubbly, about 35 minutes.

#### Apricot Dessert.

Fill honeydew melon ring with orange sherbet and garnish with apricots halved and peeled, marinated in lemon juice and cantaloupe balls.

#### Keeping Cool

There are still warm days ahead through late summer and early fall, and plenty of opportunity for keeping cool.

Formerly it was thought that one should eat extremely lightly of just low-calorie salads with hardly enough nourishment for the body, and cold drinks. Now we recognize the necessity of using enough proteins in the diet to keep the body in good condition, and also know that a cup of hot soup will be as cooling as the coolest drink.

Naturally our proteins may be in the form of salads for we like them especially well in the summer. Here is a good one using a shrimp in aspic, both cooling and nutritious:

#### Lemon Aspic. (Serves 6)

2 tablespoons gelatine  
¼ cup cold water  
¼ cup hot water  
½ teaspoon salt  
1 tablespoon sugar  
½ cup lemon juice  
1 cup cooked or canned shrimp  
1 cup chopped celery  
Chicory or other salad greens

Sprinkle gelatine into cold water. Add hot water, salt, sugar and lemon juice. Cool, then add shrimp and celery. Chill in ring mold. Unmold on crisp salad greens. Fill with:

#### \*Shrimp Salad. (Serves 6)

½ cup cooked or canned shrimp  
2 tablespoons french dressing  
1 cup diced celery  
1 cup lettuce, cut in pieces  
1 cup peas  
Mayonnaise to blend

Marinate shrimp 15 minutes in french dressing. Combine with remaining ingredients. Garnish the lemon aspic with lemon quarters and shrimps.

"Do you ever feel that potato salad has a flat taste? That can easily be remedied by marinating the cubed potatoes in french dressing to give them an extra flavor."

#### Creamy Potato Salad. (Serves 6)

4 cups cold, boiled potatoes, cubed  
¾ cup french dressing  
1½ teaspoons salt  
1 medium onion, minced  
3 hard-cooked eggs  
¾ cup diced celery  
3 slices bacon, fried and crumbled  
6 sliced radishes  
½ cup mayonnaise or boiled dressing

Marinate potatoes in french dressing one-half hour. Toss together with remaining ingredients and serve with cold meats, wedges of tomato and cucumber slices.

#### Chicken Salad. (Serves 6)

2 cups diced chicken or veal  
¼ cup diced celery  
¼ cup sliced, toasted almonds  
Salad dressing  
Mix all ingredients with enough

## Predict Big Loss On Surplus Goods

### How to Get Rid of Leftover War Supplies Is Poser.

WASHINGTON.—Legislators trying to figure out how to get rid of perhaps \$105,000,000 of leftover war supplies estimate that the government is going to take a \$90,000,000,000 loss.

"We'll have \$15,000,000,000 worth of surplus property," said Representative Manasco (Dem., Ala.), "and we'll do well to realize \$15,000,000,000—and that includes war plants."

"Of course, if we want to go and destroy our domestic economy, we might get \$30,000,000,000."

Manasco said he thinks other members of a senate-house committee who are attempting to work out a compromise surplus property disposal bill are fully aware that there is likely to be a \$90,000,000,000 loss and that the American people also should be prepared for it.

Chairman of the house delegation on the conference committee, Manasco said members realize that a tremendous amount of war goods won't be worth dismantling or transporting home when the fighting stops.

"Take a B-24 bomber," he said. "It takes 800 man-hours to dismantle one and it couldn't bring more than \$2,500 in scrap. And they aren't any good for commercial airplanes because they are too heavy and burn too much gas."

Furthermore, he said, what good would a costly Norden bombsight be to anyone? Or who would want to buy a naval torpedo which originally cost thousands of dollars?

Most of the excess war materials abroad will be sold abroad, the Alabama predicted, although "we're going to run into a lot of opposition over there."

"We hear a lot about having to feed Europe for a long while," he said. "But the pictures of the French don't look as if they are starving, and they all look pretty well dressed."

#### Army Nurses Are Made

##### Officers by President

WASHINGTON.—President Roosevelt ordered the commissioning of all army nurses as actual army officers in lieu of the relative rank they now hold.

The effect of the executive order will give to nurses, female dietitians and physical therapy personnel of the army medical department the full authority of their officer rank.

Hitherto nurses could not claim dependency allowances and upon retirement received only benefits attached to their permanent rank, rather than being permitted to retire in grade. In addition, their commissions were granted by the surgeon general with the approval of the secretary of war, instead of by the President.

#### Adopt Plan to Detect

##### Black Market Gas Sales

WASHINGTON.—A new program aimed at detecting black market gasoline sales will be put into effect on an experimental basis in Philadelphia next month and is extended to the rest of the country if it works, the OPA announced.

The plan requires that all gasoline distributors serving Philadelphia retail outlets report monthly the volume of sales at each outlet, compared with sales for the same month in 1942.

The reports will show whether any service stations have noticeably increased their gasoline business since the start of rationing.

#### Marriage Rate Decline

##### In Big Cities Continues

WASHINGTON.—The downward trend in the marriage rate, which began in 1943, continued in the first half of 1944.

The census bureau reported that 280,679 marriage licenses were issued in cities of 100,000 or more in the first six months of 1944 compared with 278,494 in the same period last year, a decline of 8.4 per cent.

The bureau predicted a declining marriage rate until men are discharged from the armed forces in considerable numbers.

#### Must Enforce the Laws;

##### So He Quits Driving Car

BOSTON.—Rudolph F. King, the new Massachusetts registrar of motor vehicles, is taking no chances on breaking the state driving laws.

He announced he had decided to retire as a driver of automobiles—at least during his tenure.

"An official cannot afford to violate, even inadvertently, the rules he must enforce," he explained.

#### Monkey Business; and No Fooling About It

PHILADELPHIA.—"Will you please chase the monkeys out of my yard," phoned an irate gardener to police. The cops suspected monkey business but investigated. They found two midge monkeys—five inches tall—and later found their owner, who explained they were a gift from an overseas son.

### LAKE VILLA SCHOOL NEWS

We are starting on our school newspaper this week and are going to try to have a copy of it out by Nov. 22, 1944. We chose the "Lake Villa Grade School News" for the name.

Our former teacher, Mrs. Ada Prosser, has left us and gone to Virginia, where her sailor husband has been assigned. Mrs. Chitty from southern Illinois has taken her place as principal. Mrs. Prosser came from Mineral Ridge, O.

The fourth graders have been making health posters.

Don Davis visited school Monday and left for Roosevelt Military Academy Tuesday morning.

Darlyn Monnier's father got an extra week furlough so he could see Donald. He is due to go overseas soon.

Patty Galiger's uncle, Ed. Hogle, was home on a furlough last week. Thelma Nell has received her new glasses.

The first graders have started their second readers.

The second graders are studying Pilgrims and Indians and making Thanksgiving posters.

The sixth, seventh and eighth graders have been making Thanksgiving posters this week.

The sermon topic chosen by the Rev. Dr. Vries for next Sunday morning at 11 o'clock is "Things we cannot have," which should be interesting to all, and you are welcome.

The young people's group will hold open house at the church on next Sunday evening, inviting all of high school age and over to meet with them at 7:30. They have an interesting program planned.

The Woman's Society of Christian Service will hold "smorgasbord" or cafeteria supper at the school gymnasium on Wednesday evening, Dec. 8, and the annual Christmas sale will be held in connection.

The volunteer fire department was called out Sunday noon when a fire in the Weber slough near Fourth lake became dangerous. It had started from a small fire to burn rubbish.

Donald Davis, a freshman at Roosevelt Military academy at Aledo, Ill., was home over Saturday and Sunday.

The Lake Villa Community club has been recently formed at Lake Villa with the idea of furnishing adequate recreational facilities for the young people of the community as its main objective, and all men of the township are invited to attend the club's first regular meeting to be held Tuesday evening, Nov. 14, at Charles Anderson's resort at Petite Lake park on route 59. The plans of the club include the renting of the school gymnasium for recreation of the young people at all times. The temporary officers include Dan Boyer, president, William Marks, secretary, Kenneth Hart, treasurer, and Clayton Hamlin as sergeant-at-arms.

### Super Gestapo Spying

#### On Nazi Civil Officials

AT THE GERMAN FRONTIER.—Nazi Gestapo Chief Heinrich Himmler has established a new secret service to make daily reports on all important German civil officials. The super Gestapo was formed after the abortive attempt to assassinate 2,000 operatives, advises senate Hitler, and in Berlin alone it embraces 2,000 operatives, advises said. Every visitor received by civil officials is listed, and the officials must make a written report of what the visitors said.

Some officials are reported to have refused to receive manufacturers engaged in war production for fear that talking with anybody might be misconstrued by the new Gestapo.

#### It Pays to Advertise

LINCOLN, ILL.—Forty-two merchants underwrote an ad for the Lincoln Evening Courier, which said in part:

"Please, Plavus, old drip, how's about dropping a lot of little drips on our burning country?"

"We want rain! We're almost nuts!"

The newspaper editor agreed that if it rained before 3 p. m. Friday the ad would run gratis.

The rains came Thursday.
